

Pilot Training

AVI50222 - Diploma of Aviation (Commercial Pilot Licence - Aeroplane)

AVI50519 - Diploma of Aviation (Instrument Rating)

Aviation Australia

Aviation Australia is a world class Registered Training Organisation (RTO), established by the Queensland State Government in 2001 to support the development and growth of aviation and aerospace industries in both the Australian and International markets.

All Aviation Australia programs are designed with a balanced focus between knowledge, skills, values and experience, ensuring that graduates enter employment with strong skills and a thorough understanding of aviation quality, safety and environmental standards. Aviation Australia are committed to delivering quality, flexible and cost-effective accredited training to individuals and companies.

Airways Aviation Australia

Located at Brisbane, Gold Coast, Lismore

Airways Aviation Australia is a leading aviation training provider, delivering internationally recognised pilot training and aviation education from its campuses in Brisbane, the Gold Coast, and Lismore. With modern facilities, advanced flight simulators, experienced instructors, and a strong commitment to safety and excellence, the organisation prepares students for successful careers in the aviation industry.

As a CASA-approved training provider, Registered Training Organisation (RTO), and CRICOS-registered institution, Airways Aviation Australia welcomes both domestic and international students and provides clear pathways from beginner pilot training through to advanced aviation qualifications.

Launch your career as a Commercial Pilot today!

AVI50222 Diploma of Aviation (Commercial Pilot Licence - Aeroplane)

This course is designed to provide you with all the technical and non-technical skills you will need to achieve your Commercial Pilot Licence with the Civil Aviation Safety Authority (CASA).

The training focuses on theoretical components such as radio communications, risk management strategies and procedures, flight planning and aviation law. It also covers practical experience with briefing and flight training, which includes aeroplane take-off, landing, fuel management, situational awareness and abnormal flight situations.

This course can be paired with the Diploma of Aviation (Instrument Rating) and is delivered by Airways Aviation on behalf of Aviation Australia.

KEY INFORMATION

- ✔ Candidates are required to complete a pre-course assessment
- ✔ Candidates must hold a current CASA Class 1 Medical
- ✔ Candidates must hold an Aviation Security ID Card (ASIC)
- ✔ VET student loan applicants must meet additional entry/eligibility requirements
- ✔ Course duration is 50 weeks, full time
- ✔ Minimum 25 hours face-to-face and 5 hours self-study per week
- ✔ Training hours may vary based on available flying hours and briefing hours
- ✔ Open to domestic students

LOCATIONS

- ✔ Archerfield Airport (Brisbane), Bilinga (Gold Coast) and Lismore Regional Airport (Lismore)

COST* (Price upon application)

- ✔ A VET Student Loan (VSL) is available for eligible students. A VSL is a debt which must be repaid.

RECOGNITION OF PRIOR LEARNING (RPL)

- ✔ RPL is offered on a case by case basis for those who hold a valid CASA pilot licence.

Enhance your Commercial Pilot expertise

AVI50519 Diploma of Aviation (Instrument Rating)

This course is designed to provide you with all the technical and non-technical skills you will need to operate an aeroplane under the instrument flight rules.

The training focuses on knowledge and skills for Instrument Rating certification by the Civil Aviation Safety Authority (CASA) under Part 61 Flight Crew licencing.

This course can be paired with the Diploma of Aviation (Commercial Pilot Licence - Aeroplane) and is delivered by Airways Aviation on behalf of Aviation Australia.
