Cabin Crew Essential Course

Duration: 3 weeks - Plus 15 hours of online training

Cost: See our website for current pricing*

This intensive face to face course, will introduce you to the aviation industry. It will provide you with an understanding of the cabin crew recruitment process which will give you a competitive edge in securing employment with your chosen airline.

The course includes Provide HLTAID011 First Aid and SITHFAB021 Responsible Service of Alcohol qualifications, which are prerequisites for applying to any airline. These have been contextualised to the aviation industry.**

Aviation Australia's Flight Safety Training Centre is equipped with Civil Aviation Safety Authority (CASA) approved training aids which are used to train you on simulated inflight and emergency situations. You will learn how to use emergency equipment, undertake an evacuation, practice inflight service, understand security and build your knowledge of the importance of human factors in aviation operations.

*Prices subject to change without notice. Course price is GST inclusive.

**Based on location, a third-party training provider may deliver the Provide First Aid and Responsible Service of Alcohol qualifications.

Why train with Aviation Australia?

✓ Industry Connections

Aviation Australia has strong industry relationships with national and international airlines who recruit from our graduate pool. Students have access to Employment Support from the first day of training until well after graduation. You will be notified of job opportunities and can ask for feedback and advice on your applications.

✓ Experienced Instructors

All of the skilled instructors at Aviation Australia have extensive experience working for airlines as both crew and trainers. They understand what airlines are looking for when recruiting Cabin Crew and will help you prepare for interviews and exceed the airlines expectations.

✓ Practical Experience

Our facilities are used by major airlines to train their own staff. As a student in the Cabin Crew Essential Course, you will train in those same facilities, maybe even at the same time, as professional Cabin Crew. It's a rare opportunity to see the life of a Flight Attendant behind the scenes and see how the training prepares you for your future.

ENTRY REQUIREMENTS

There are no compulsory prerequisites however we recommend:

- ✓ Completion of Australian Year 10 or equivalent (need to be 18 years or over to be Cabin Crew in Australia)
- ✓ An IELTS 5.5 or equivalent for international students as courses are fast-paced and taught in English.
